What is happening.....

Farmfest 2013

For the past couple of weeks we have been very busy in preparing our cattle for Farmfest. "Washing * Blow Drying * Leading * Ongoing Feeding and now our hard work has paid off. The school sent 12 head of cattle to compete amongst a total of 130 entries and they proved to be very competitive. The division results included: 1st & 3rd Heavy Weight 3rd & 4th Middle Weight 1st, 3rd & 4th Light Weight These results allowed Toowoomba SHS Wilsonton Campus to win the Farmfest ‘Champion School or College’ trophy for 2013.

Day-Jensen Shield

Congratulations to Corey Kuhl and Aaron Campbell who won the Darling Downs finals for Junior Judging. They will now represent Darling Downs at the State Finals at Ekka. Aaron also placed second in Paraders and Corey made it to the final 6. A fantastic effort by both boys.

With the boys winning the DD Finals, Toowoomba SHS now holds the Day-Jensen Shield for Stud Beef Interschool Judging which is a very prestigious award for the school to achieve.

WELL DONE!!

Did you Know........

Feral animals -
- Cost Australia in excess of $720 million per year
- They damage and threaten our landscape, agriculture and industries.
- 11 introduced pest animal species (fox, feral cats, rabbit, feral pigs, wild dogs, mice, carp, feral goats, cane toads, wild horses and camels).
- There are many other impacts of feral animals impossible to put a dollar figure on.
- No well established introduced pests have been eradicated from any continent despite numerous attempts
